

## WARNING: TO OWNERS OF PROJECTION TELEVISIONS

Still pictures or images may cause permanent picture-tube damage or mark the phosphor of the cathode ray tube. Avoid repeated or extended use of video games on large-screen projection televisions.

## EPILEPSY WARNING

**Please read before using this game or allowing your children to use it.**

Some people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns in everyday life. Such people may have a seizure while watching television images or playing certain video games. This may happen even if the person has no medical history of epilepsy or has never had any epileptic seizures. If you or anyone in your family has ever had symptoms related to epilepsy (seizures or loss of consciousness) when exposed to flashing lights, consult your doctor prior to playing.

We advise that parents should monitor the use of video games by their children. If you or your child experience any of the following symptoms: dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, while playing a video game, discontinue use IMMEDIATELY and consult your doctor.

## PRECAUTIONS TO TAKE DURING USE

- Do not stand too close to the screen. Sit a good distance away from the screen, as far away as the length of the cable allows.
- Preferably play the game on a small screen.
- Avoid playing if you are tired or have not had much sleep.
- Make sure that the room in which you are playing is well lit.
- Rest for at least 10 to 15 minutes per hour while playing a video game.

## SYSTEM REQUIREMENTS

It is essential that your PC meets the Minimum Requirements as detailed on the game's packaging. If you are experiencing poor performance, check to make sure your system hardware supports those requirements and that your video/sound card drivers are up-to-date (see *Troubleshooting* on p.10).

**Note:** Video card chipsets in laptop systems may work with this game but **are not supported by Electronic Arts.**

## INSTALLING/UNINSTALLING THE GAME

To install the game, insert the disc into your disc drive and wait for the AutoRun menu to appear. Click **INSTALL** and then click **NEXT**; the serial number window appears. Type in the serial number found in the white box on the back of the game manual and follow the on-screen instructions to install the game.

**Note:** If the AutoRun menu does not automatically appear, double-click the **My Computer** icon on the Desktop, then double-click on the disc drive in which the game disc is inserted. Double-click on the 'setup.exe' file to install the game.

If you are having problems or the game did not install correctly the first time, we recommend uninstalling and re-installing the game. To uninstall the game, click the Windows **START** button, select **Programs** (or **All Programs**), find the game's parent folder (usually **EA GAMES** or **EA SPORTS**), locate the game and click **Uninstall** to remove it.

## STARTING THE GAME

1. Close all open programs and background tasks, including virus scanners (see *Troubleshooting* on p. 10).
2. Insert the disc in your disc drive. The AutoRun menu appears. Click **PLAY** to start the game.

**Note:** If the game does not automatically start when you insert the disc into your disc drive, click the Windows **START** button, select **Programs** (or **All Programs**), find the game's parent folder (usually **EA GAMES** or **EA SPORTS**) and click the gamename. The introductory screens appear and the game begins.

**Note:** Press the Arrow Keys  $\leftarrow/\rightarrow$  to select a language and press **SPACEBAR** to confirm.

## INTRODUCTION

Experience the magical world of *Harry Potter and the Goblet of Fire* as Harry, Ron and Hermione, in their most thrilling adventure yet. Play alone or join with friends to control the trio on a journey from the Quidditch World Cup to the exhilarating tasks of the Triwizard Tournament and beyond. Master amazing jinxes and charms, team up to produce powerful combined magic and unleash the spectacular force of *Magicus Extremos* mode to cast more dazzling spells than ever before!

Track down collector's cards to boost your abilities and practise your Defence Against the Dark Arts skills, because you'll need to master quite a bit of magic to prepare for the ultimate confrontation – a battle with Lord Voldemort himself!

## COMPLETE CONTROLS

You can play *Harry Potter and the Goblet of Fire* using either your keyboard or any DirectX 9.0c compatible USB gamepad. If you play with one or two friends, one player uses the keyboard and the others use gamepads. If your PC does not have enough free USB ports, you will require a USB hub to connect gamepads for multiplayer gaming.

*Harry Potter and the Goblet of Fire* should detect connected input devices when the game is launched. However, if you have trouble with the configuration please refer to the Peripherals section of the Read Me file by clicking the Windows **START** button and selecting **Programs>(or All Programs>) Electronic Arts>Harry Potter and the Goblet of Fire>Read Me**.

**Note:** In this manual, keyboard controls are listed as default.

### MENU CONTROLS

#### Command

**Highlight** menu option  
**Select** highlighted menu option  
**Adjust** selected option

**Second Task:**

Swim up/down/left/right

Arrow Keys ↑/↓

Accelerate

C

Jinx

X

**Note:** The **Third Task** uses the general gameplay controls.

## SETTING UP THE GAME

Follow these steps to start your adventure:

1. Select **NEW GAME** from the Main menu. The Save Game screen appears.
  2. Press the Arrow Keys ⇐ to select a Save Slot to save your progress to and press the **SPACEBAR** to confirm.
  3. At the Select A Character screen, press the Arrow Keys ⇐ to choose the character you want to play as – Harry, Ron or Hermione – and press the **SPACEBAR** to confirm.
- Up to two friends can join in the fun if you connect one or two DirectX 9.0c compatible USB gamepad(s) (see *Beginning Your Adventure* below).

**Note:** For information on loading a previously saved game, see *Saving and Loading* on p. 9.

## BEGINNING YOUR ADVENTURE

Play solo and take control of Harry, Ron or Hermione to lead the three friends on their quest, or invite your friends to join in. Up to three players can play at any time on all levels, however Harry must face the Triwizard Tournament tasks and the battle with Lord Voldemort alone.

- You and a friend can play using the keyboard and a DirectX 9.0c compatible USB gamepad.
- Three players can team up using the keyboard and two gamepads.
- The control method each player chooses at the start of the game becomes the default for that player. For example, if a player joins the game using a gamepad, keyboard controls will not work for that player.

Extra players can join in at the start of any level by pressing the **Jinx** control on their keyboard or gamepad at the Select A Character screen. They can then choose a character, press the **Confirm** control on their keyboard or gamepad and press **Confirm** again when they are ready to begin.

- Players can also drop in at any point during a level that you are playing by pressing **Jinx** and then selecting a character from the pause menu in the same way.

### **Bertie Bott's Every-Flavour Beans**

These popular wizard sweets come in different varieties. Blue Beans fill your Magic Meter (see p. 6), red Beans replenish your character's Stamina (see p. 6) and any other Beans you collect can be used to buy collector's cards from the Folio Universitas (see p. 9).

## CASTING SPELLS

Mastering magic has never been so intuitive or so rewarding. Cast impressive jinxes and charms and team up to create powerful co-operative spells (see p. 6), then experience the spectacular supercharged power of Magicus Extremos (see p. 6). Earn points for skilful spell casting to increase your Magic Mastery level and unlock collector's cards (see p. 8).

- Cast a **jinx** by pressing **X**. Cast jinxes in Magical Encounters to defeat creatures, and on objects throughout the magical world to see what is uncovered.
- Press **Z** to cast **Accio** and draw hard-to-reach items towards you.
- To cast a **charm**, press and hold **C**, then use the Arrow Keys  $\leftarrow/\rightarrow$  to move and control the resulting stream of magic. There's a charm for every occasion:

**Wingardium Leviosa** – Levitates objects and creatures.

**Carpe Retractum** – Pulls objects and certain creatures towards you.

**Wizard Tip:** Grab Bubotubers with Carpe Retractum, pull back, then release to send them catapulting through the air!

**Aqua Eructo** – Fires a jet of water that can be used to put out fires and cool down fiery creatures.

**Herbivicus** – Causes leaves to grow and certain plants to bloom at a rapid pace – Professor Sprout would be proud!

**Wizard Tip:** Skilled wizards-in-training should try perfecting their control of Carpe Retractum, Aqua Eructo and Herbivicus to make these charms even more effective.

### COMBINED SPELL CASTING

Some things are just too big for one wizard-in-training to handle, but with two friends on your side, anything's possible!

- When characters cast the same charm together, its power increases. Try teaming up to lift heavy objects with Wingardium Leviosa.

## MAGICUS EXTREMOS

Every time Harry, Ron or Hermione collects a blue Bertie Bott's Every-Flavour Bean, it adds Magical Points to the team's Magic Meter. Once the meter is full, you can activate the Magicus Extremos mode, which allows the three friends to cast amazing powered-up spells – until the meter runs out.

- Blue Bertie Bott's Every-Flavour Beans are released when you despatch creatures using sequential magic (see below). Beans are also released when you hit certain objects with jinxes.
- Press **S** to activate Magicus Extremos mode when the meter is full. If you're playing with friends, you must all press the **Magicus Extremos** control on your keyboard or gamepad simultaneously.

**Wizard Tip:** Buying certain collector's cards (see p. 8) extends the length of the meter – and the amount of time you can use Magicus Extremos mode.

## MAGICAL ENCOUNTERS AND SEQUENTIAL SPELL CASTING

Fantastic beasts abound in the magical world – be ready to defend yourself with a swift jinx or charm, or team up to despatch troublesome creatures in a more impressive fashion with sequential spell casts.

- If Harry, Ron and Hermione work together to target a creature with a sequence of different jinxes or charms in the correct order, they can despatch it in new and spectacular ways.

**Wizard Tip:** Try teaming up to defeat Dugbogs using Wingardium Leviosa followed by a jinx.

- Defeating creatures can earn you Creature Cards (see *Collector's Cards* on p. 8), which can help you become even better at despatching them the next time around! Despatch creatures in different ways to earn more cards.

## STAMINA AND CHOCOLATE FROGS

Aggressive beasts can quickly deplete Stamina, but they're not the only danger – the magical world is full of hazards that can injure the unwary.

- Characters lose Stamina when they are attacked or injured. When a character runs out of Stamina completely, they faint.
- When a character faints, a Chocolate Frog is used to revive them. The trio starts the game with three Frogs, which are shared by all human players (computer-controlled characters do not use Chocolate Frogs when they revive).
- When all of the team's Chocolate Frogs are lost and a character faints, you must restart the level from the beginning. So keep an eye on your Stamina meter and try to avoid fainting whenever possible!

**Wizard Tip:** Look out for other tasty wizard sweets. You can also collect Cauldron Cakes, red Bertie Bott's Every-Flavour Beans and Pumpkin Pasties to replenish characters' Stamina.

## MAGIC MASTERY LEVEL

At the end of every level, your spell casting skills and use of magic in the world are ranked and rewarded, adding points to your Magic Mastery Meter. Each time your Magic Mastery level increases, new collector's cards are unlocked for your team to equip.

- Every charm and jinx you successfully cast adds to your rating
- As you gain each new level of Magic Mastery, you unlock new collector's cards in your Folio Universitas (see p. 9).

## TRIWIZARD TOURNAMENT

Guide Harry as he faces the perils of the Triwizard Tournament. Can you help him succeed in the three tasks to earn the prestigious Triwizard Cup?

### First Task

Harry's broomstick skills are put to the test as he dodges a ferocious Hungarian Horntail dragon to retrieve the golden egg it guards.

### Second Task

Braving the depths of the Black Lake, Harry must find Ron in the underwater ruins and caves, facing the fierce Grindylows that block his path.

### Third Task

The final task is a race through an enchanted maze with one aim: to be first to reach the Triwizard Cup at its centre.

- See *Triwizard Controls* on p. 3 for controls for the first and second tasks.

## TRIWIZARD SHIELDS

You can unlock the challenging Triwizard Tasks, as well as other levels, by collecting Triwizard Shields. When you complete a level for the first time, you are rewarded with a Triwizard Shield and new areas of that level are unlocked. You can earn extra Triwizard Shields by returning to levels to explore newly opened locations.

## THE PENSIEVE

Once Harry, Ron and Hermione have returned to Hogwarts, you can access the Pensieve in Professor Dumbledore's office. Here you can select a level to play, view information about your progress and access the Folio Universitas, where your collector's cards are stored.

- To scroll through the levels, press the Arrow Keys  $\Leftarrow$ . The level name appears above the Pensieve: levels that are not yet available cannot be selected. Press the **SPACEBAR** to play the selected level.
- To visit the Folio Universitas (see p. 9), press **S**. Access the Folio Universitas to find out about and purchase collector's cards (see p. 8). Cards that you already own can also be viewed here.
- To view your current game status, press **A**.
- To quit the game, press **BACKSPACE**, select YES at the prompt and then press **SPACEBAR/RETURN** to confirm.

## COLLECTOR'S CARDS

Harry, Ron and Hermione can equip these amazing cards to boost their abilities – increasing their Stamina, spell-casting power, creature knowledge and more.

### OBTAINING COLLECTOR'S CARDS

There are three types of collector's cards for you to track down. You obtain each type in a different way.

#### CHARACTER CARDS

You can buy these in the Folio Universitas using Bertie Bott's Every-Flavour Beans (see p. 5), but before you can purchase them, you must unlock them. Character Cards are unlocked when your Magic Mastery level increases (see p. 7).

#### CREATURE CARDS

Creature Cards are awarded for defeating the different types of fantastic beasts you encounter. When equipped, a Creature Card gives you an advantage in future encounters with the creature it depicts. The power of this advantage can be increased by collecting additional cards, which are won by despatching the creature in different ways. Try using new combinations of charms and jinxes in Magical Encounters to win them all.

#### QUEST CARDS

The team also shares Quest Cards, which you receive for performing certain tasks and actions. Like Creature Cards, these cannot be bought from the Folio Universitas.

**Wizard Tip:** Go to the Folio Universitas and select a Quest Card or Creature Card to find out how you can obtain it.

### EQUIPPING COLLECTOR'S CARDS

Before beginning a level, you can equip characters with up to three collector's cards each at the Select A Character screen. Once you are in a level your selection cannot be changed, so choose carefully.

- If you're unsure what to pick, select the Autofill button to have three cards automatically selected for you.

*Select the Autofill icon to have three cards chosen for you.*

*Press the Arrow Keys ⇄ to select a set of cards.*

*The selected character's current Stamina, Jinx and Accio levels.*

*Select the Done icon to confirm your card selection.*

*Press the Arrow Keys ⇄ to scroll through the available cards in the chosen set.*

*Equipped cards appear here.*

*Description of the selected card's properties.*

- Creature and Quest Cards can be equipped by any member of the team. Each of these cards is unique, so only one character at a time can equip each one.
- Harry, Ron and Hermione each have their own set of Character Cards and can only equip Character Cards from that set.

## FOLIO UNIVERSITAS

Visit the Folio Universitas to view Harry, Ron and Hermione's individual Character Card collections and the team's shared Quest and Creature Cards. You can also find out how to obtain Quest and Creature Cards and purchase Character Cards that you have unlocked.

- To choose a set of cards to view, press the Arrow Keys  $\Leftarrow/\Rightarrow$  and press **SPACEBAR**. Select **HARRY**, **RON** or **HERMIONE** to view their Character Cards, or choose **CREATURE** or **QUEST** cards.
- Card sets are arranged in pages. Press **PAGE UP** or **PAGE DOWN** to scroll through the pages. Press Arrow Keys  $\Updownarrow/\Downarrow$  to choose a card on the current page.

*Highlight Quest or Creature Cards to find out how you can collect them.*

*Highlight unlocked Character Cards to find out which abilities they boost.  
Buy them using Bertie Bott's Every-Flavour Beans.*

*Purchased cards can be viewed in the Folio Universitas and equipped at the Select A Character screen.*

## SAVING AND LOADING

Select Autosave ON at the start of the game to save your progress through the game automatically.

To load a saved game, select LOAD GAME from the Main menu. At the Load Game screen, choose a saved game and press the **SPACEBAR** to load it.

## TROUBLESHOOTING

### VIDEO & SOUND CARD DRIVERS

An outdated video or sound card driver can lead to slow and choppy gameplay or in some cases can prevent the game from running entirely. To ensure an enjoyable experience with your game, make sure that you have the most recent video and sound card drivers installed. These drivers are typically available for download from your system or hardware manufacturer's website. If you are not sure what type of video or sound card you have or you do not know how to update the drivers on your system, please refer to the documentation that came with your system or peripheral. For further assistance, refer to the *Update Your Video/Sound Driver* sections in the Technical Support file on the game disc. (See *Customer Support – Here To Help You!* opposite.)

### PROBLEMS INSTALLING THE GAME/DETECTING THE DISC

This game contains technology intended to prevent copying that may conflict with some CD-RW, DVD-ROM and DVD-RW disc drives. If the game does not install correctly or if your disc drive cannot detect the disc you may need to update the firmware for your disc drive. These updates are typically available for download from your system or hardware manufacturer's website. If you are not sure what type of disc drive you have or you do not know how to update the firmware, please refer to the documentation that came with your system or disc drive.

**Warning:** Electronic Arts recommends that Firmware updates are carried out by an experienced PC user as improper installation can damage your disc drive. If you are unsure about upgrading the firmware, please contact your system or drive manufacturer for further assistance.

### BACKGROUND APPLICATIONS & ANTI-VIRUS SOFTWARE

To achieve optimum performance when running this game we recommend that you end all unnecessary background applications prior to playing. In some cases closing down background applications can help solve any crash or lockup issues. For further assistance, refer to the *Ending Background Tasks* section in the Technical Support file on the game disc.

If your system is running anti-virus software you are advised to close or disable it before running this game. To do this, find the icon for the Anti-Virus software in your Windows System Tray. **Right-click** the icon and select CLOSE, DISABLE or the relevant option.

## NOTICE

Electronic Arts reserves the right to make improvements to the product described in this manual at any time and without notice. This manual and the software described in this manual is under copyright. All rights are reserved. No part of this manual or the described software may be copied, reproduced, translated or reduced to any electronic medium or machine-readable form without the prior written consent of Electronic Arts Ltd, Customer Services, PO Box 181, Chertsey, KT16 0YL, England, United Kingdom.

## WARRANTY

### LIMITED WARRANTY

Electronic Arts warrants to the original purchaser of this computer software product that the recording media on which the software programs are recorded will be free from defects in materials and workmanship for 12 months from the date of purchase. During such period defective media will be replaced if the original product is returned to Electronic Arts at the address below, together with a dated proof of purchase, a statement describing the defects, the faulty media and your return address. This warranty is in addition to, and does not affect your statutory rights in any way. This warranty does not apply to the software program themselves, which are provided "as is", nor does it apply to media which has been subject to misuse, damage or excessive wear.

### RETURNS AFTER WARRANTY

Electronic Arts will replace user-damaged media, current stocks allowing, if the original media is returned with a cheque or postal order for £7.50 per disc, payable to Electronic Arts Ltd. Please remember to include full details of the defect, your name, address and where possible, a daytime telephone number where we can contact you.

**Electronic Arts Customer Warranty, PO Box 181, Chertsey, KT16 0YL, United Kingdom.**

***Electronic Arts excludes any warranty in relation to the Product if it is bought second hand and the consumer is not the first end user of the Product.***

## CUSTOMER SUPPORT — HERE TO HELP YOU!

Your game includes a Technical Support file to help solve any problems you may be having. It provides solutions to the most common difficulties that can arise when installing or playing the game. If you have already installed the game, click the Windows START button and locate the game through **Programs>** (or **All Programs>**) **EA GAMES>** (or **EA SPORTS>**). The Technical Support file is located in the same folder as your game. Please check this file first for solutions before contacting EA Customer Support.

If you have yet to install the game, follow the instructions below:

**To run the Technical Support file (without game installed):**

1. Insert the game disc into your disc drive.
2. Click START and select **Run...**
3. In the Run dialog box, type **D:\Support\European Help Files\EA\_Help\_Select.htm** then click OK (substitute the correct letter of your disc drive if other than 'D:').

To see if you are meeting the minimum requirements as displayed on the game's packaging, a utility called **dxdiag** detects your system's hardware and organises this information into a detailed report. This report will also assist EA Customer Support in solving your problem more rapidly.

**To obtain your system information:**

1. Click **START**, select **Run...** and type **dxdiag** in the Run dialog box and then click **OK**.
2. Click **SAVE ALL INFORMATION...** to save a copy of the report for viewing and printing. Please ensure you have this report available when contacting EA Technical Support.

If you are still having trouble installing or running your game, visit **electronicarts.co.uk** or **electronicarts.ie** and click **SUPPORT CENTRE**. Once at the Support Centre, click **GET HELP** to view our knowledge base. The solutions you will find here are the same as those used by our Customer Support staff, so you can guarantee they are accurate and up-to-date. To ensure you find the answer to your question, choose the format, game type and title carefully. If you cannot find an answer, click **ASK EA** to contact a Customer Support Technician, who will answer you as soon as possible.

If you do not have Internet access or would prefer to speak to a technician, telephone our Customer Support team (9am-9pm, Monday-Friday).

Telephone: **0870 2432435**

Fax: **0870 2413231**

**Note:** These are UK National Call rate numbers charged at BT's standard national call rates for calls from a BT line in the UK. Consult your telephone service provider for further information. Calls from outside the UK will be charged at International rates.

**Due to the nature of most problems encountered when running PC games, it is easier – and usually quicker – to diagnose them using our online Support Centre.**

**Customer Support cannot provide gameplay hints or tips – if you are stuck, see the back of this manual for details of our official Hintline.**

## KEEP UP WITH THE LATEST EA NEWS!

If you want to keep up-to-date with all the news, reviews and gossip from Electronic Arts, why not register and get the official EA newsletter delivered to your inbox.

**Visit our UK website at [electronicarts.co.uk](http://electronicarts.co.uk) or our Ireland website at [electronicarts.ie](http://electronicarts.ie) and sign up today!**
